

unilite[®]

The world's thinnest lighter **Reloaded**

Ultra thin - Ultra light

The Lighter Specialist

unilite® Feuerzeuge

Führend in Qualität und Sicherheit

- ISO 9001 Zertifizierung der Produktionsstätten
- Kindergesichert nach EN 13869
- Produktzertifizierung nach EN ISO 9994
- Ergonomische Form für optimalen Bedienkomfort
- Einteilige High-Tech-Konstruktion
- Regulierbare Sicherheitsflamme
- Außergewöhnliche Modellvielfalt

unilite® Lighters

Leading in quality and safety

- ISO 9001 certified production facilities
- Child-resistant in compliance with EN 13869
- EN ISO 9994 certified products
- Ergonomic design and high user friendliness
- Single piece high tech structure
- Adjustable safety flame
- Great variety of products

Briquets unilite®

Qualité et sécurité de pointe

- Les sites de production certifiés ISO 9001
- Sécurité enfants selon EN 13869
- Les produits certifiés EN ISO 9994
- Forme ergonomique pour le plus grand confort d'utilisation
- Construction monobloc high-tech
- Flamme de sûreté réglable
- Grande diversité de modèles

The M-8: More than a lighter

Sicherheitsflamme ✓

Durch die bewährte **Fix Flame Technologie** wird die Flammenhöhe im Produktionsprozess fest eingestellt. Eine hohe Flammenbildung während der Nutzung wird dadurch verhindert und die Sicherheit erhöht.

Safety Flame ✓

Due to the reliable **Fix Flame technology**, the flame height is automatically adjusted in the production process. This prevents the lighter to produce a high flame during use and increases safety to the consumer.

Hitzebeständig ✓

Durch den Hightech-Kunststoff **Acrylnitril-Styrol [AS]** und die moderne Konstruktion wird die im internationalen Sicherheitsstandard **ISO 9994** geforderte Temperaturbeständigkeit von 65 °C bei Weitem übertroffen.

Heat resistance ✓

Due to the high-tech **Styrene Acrylonitrile [AS]** material and the advanced design, the new **M-8** surpasses the requirements of the international safety standard **ISO 9994** in regards to the required 65 °C temperature resistance.

Stoßfest ✓

Die Sicherheit des Feuerzeuges wird durch den aus **AS** gefertigten stoßfesten Boden [**Shock-Proof-Bottom**] erhöht.

Impact resistance ✓

The **Shock-Proof Bottom** protects the lighter body when dropping by absorbing shocks on the suspension bottom plate, made of **AS**.
